

GROUNDBREAKER

Grinder-doser

GROUNDBREAKER

The quality of a coffee is never just about the bean. It's never just about the roasting process and neither is it ever just about that first sip. The perfect coffee is an idea in constant evolution.

Integrated management system
PGS – Perfect Grinding System

for the highest quality coffe and the utmost flexibility.

4.3-Inch touch screen display to create costum settings every time.

Compact design and hopper with a smart shape to improve visibility from the counter and simplify refiling and cleaning.

Integrated work cycle with inverter motor to maintain low power consumption and consistent performance.
