GRINDER-DOSER

FAEMA

MD5000

Fast. Reliable. Accurate.

The MD5000 is Faema's new grinder-doser designed to simplify daily operations.

Titanium nitride grinders and a self-adjusting dose system ensure consistency and precision to cope with heavy use during peak hours.

A design that is a perfect match for Faema machines.

Extruded aluminium main body and 3.5" touch display.

Available in both **manual** and **wireless** versions for easy grind size setting.
